# Our Mission

To provide **equitable** education resources for students who may not have access. We will prepare all students to use critical thinking, and, analytical skills to achieve academic success. We are dedicated to closing the achievement gap. It is our intent for students to graduate on time, prepared for college or the work force, and helping others after their achieved success.

Graduation Coach of Communities In Schools share resources and their commitment to Knightdale HS students

## Our Slogan

**You may know where I've been but look where I'm going, Track My Steps**

We encourage youths to focus on the future. With all tools and resources in hand students are on a path to holistic success.

## HIGH Expectations with Celebrations

We expect all students enrolled to graduate on time and be prepared for college or the workforce on graduation day.

We remind students of their ultimate goal with quarterly "I CAN I WILL" celebrations of music, food, giveaways, social networking, peer to peer discussion and signing a commitment to graduate on time.

## How do we achieve success?

Assessment, Remediation, Exposure, and Celebration.

## Our Curriculums

**READY, SET, READ:** This Pre-K to 5th grade curriculum focuses on youths starting at age 2 . We promote reading and comprehension skills that will lay the foundation of all youths success.

Certified school teachers and childcare providers volunteer their time and resources for these students to ensure they are kindergarten ready and EOG focused.

**Operation M.I.D.D.L.E:** It's no secret that the transition from elementary to middle school is a challenging one. This transition could create high school drop-outs if its not a successful one. That's why **M**oving **I**n a **D**ifferent **D**irection for a **L**asting **E**ducation is the theme for **middle** school Students. Our goal is to transition students successfully with emotional and academic support.

**RACE TO 100:** This 9th to 12 grade curriculum focuses on graduating on time, being prepared for college, or the workforce. We provide a step by step plan that prepares students for EOC, PSAT, SAT, ACT, and/or career certifications. Certified teachers, professionals, and community leaders volunteer their time and resources for these students success. Youths are exposed to college/university or workforce/entrepreneur experiences.

## Our Workshops

**KIP SERIES: Knowledge is Power – Know Your Rights & Resources:** is an empowering and interactive workshop that teaches parents to advocate for their child (ren) and students to advocate for themselves. As well as the **key** component to student success –parental involvement and what it looks like at each school level. Parents & students leave with applicative knowledge of rights, academic resources, and parental involvement skills within their county, state, and nation.

**3R SERIES: Read, Research, & Realize:** is a hands on demonstration teaching parents & students how to use online study guides, practice tests, and study methods for 21st century core subjects, EOG, EOC, college prep tests, & career certifications. Student will also participate in a annual two day economic & voter awareness role playing workshop. Students will receive and perform real life scenarios.
